Europe	Germany		International Lions Youth Forum - Summer Academy 2025	The International Youth Forum 2025 will explore the transformation of energy-intensive industries like coal mining and steel production into climate-neutral sectors. Focused on sustainability, the forum will cover topics such as hydrogen research, digital transformation, climate action, and the transition to greener cities. The Rhein-Ruhr region, once known for high unemployment and industrial challenges, is now reinventing itself. With over 15 million residents, the region offers a unique example of overcoming the negative effects of industrialization, including health issues and poor working conditions, through sustainability and innovation. Germany is making significant progress toward the UN's 2030 Agenda and the Sustainable Development Goals (SDGs), but there's still work to be done in areas like Clean Energy, Climate Action and Sustainable Cities. The Rhein-Ruhr region's transformation is a model for many countries facing similar challenges due to climate change. To Do for Participants: As part of the forum, students will present on their countries' industries, social security systems, and labor laws, linking these topics to the SDGs like Gender Equality, Decent Work, and Climate Action. Europe	Norway		Lions Camp Imagine Peace	"Welcome to our international youth camp in the south-eastern part of Norway. ""Camp Imagine Peace"". The theme is ""Peace, culture and environment"". Camp Imagine Peace started in 2011 after the terror attack at Utøya. This is one of the interesting sites we will visit during the camp. The students at the ongoing camp in Norway at that point really wanted to help. They showed compassion, care and love for all of these people, these strangers from another country, and most importantly, they showed us that we are all equal humans no matter where we originate from. The purpose of our camp is to make friends across the borders, across religions, political views and different upbringings. It's to help the youth - the future - to understand that we cannot all be branded as a person by the things we might identify ourselves with, but by the heart and soul inside, as an individual. We visit sightings in Norway/Østfold/Akershus that have helped our country to where we are today, parts of Norway's everyday life and culture. This means there will be both outdoor activities and guided tours at historic sights. At the end of the camp the students will perform in "The Final Show" for the host families in which the students are free to show something from their own country, or another talent they have. We encourage student to bring an instrument or check if their instrument might be available at the camp."	18 - 23	08.07.2025	27.07.2025	Jeløya, Moss	08.07.2025	1000 - 1800 FIX	Gardermoen OSLO	27.07.2025	After 1200 FIX	Gardermoen OSLO	30-35	English	200	EUR	https://www.lions.no/informasjon/nvheter/vis/?T=Lions%20Camp%20Imagine%20Peace%202023&ID=26461&af=1&source=lp
